Subject: 7-23-08 10 am ENERGY REBATE testimony

Date: 7-23-08 Wed....

In a hurry, just some throwdown thoughts.... fractured thinking!!!!! On the run..

From Paul D. Kendall

To: House and Community affairs

THANK YOU GOV.....My continued support, so far!

The 1200 is a reasonable and practical form of resource generated wealth distribution and i thank her again..

Ms Faircloth and chairpersons,,,, I have been reflecting on last weeks testimony,,to the issue at hand.... Well, i am not sure you can addresss the issue without having to hear the pain... my cup runneth over.... out ot the pain testimony may come our answer, or should I say your answer... I already have mine and i am simply listening to see if i am wrong or left out something....

before I begin, AEA and S. Haagenson, Testimony and public participation...Not There..

You guys in Juneau, no major state wide people owned CNN type channel for us to hold participate...just stupid if not lazy

However: this does not address the problem because it does not define the problem!!

We all know what the problem is ....

Our leadership and our inability to hold them accountable for their actions.....which are a result of our dead asses not geting up and geting involved to make a better and more free community.....OR, even passing mandatory 10 to 15 year prison terms for public officials who betray us..

Nearly all of us have forgotten that the Energy belongs to us -- Not some child like, fantacy, farcical,

imaginary and fictitous Corporate god like proviker like Rick Ridel, Dan Fagen or Dick Cheney would and do pound into you everyday....

Those who would scream or whisper ,,,,, free loader, socialist, communist, want something for nothing, lazy, gimmee-gimmee, free market haters, corporation haters,

are some of the most dark minded, entelligence lacking, insect like understandings, little minds i have met... They have never really been a father, owned a business, felt a calling to serve a greater good, or tried to ponder a larger picture of life....

I feel sorry for them unless they hold a means of public information or public office or other public interests impact... then I ususlly get upset...

NUMBERS show me the Numbers in your mind.... what and where is your thinking.??

1 billion = 1,000,000,000.oo

1MW of electricity will do 1,000 housing units ----

1 (large) MW of electricity costs around , say 3 million dollars,,,, soo divide 3 mill into

1,000 million and we get

333 MW of Electricity which can provide 333 X 1,000 housing units annual electricity

which IS IS IS

333,000 housing units could have a reasonable amoount of annual electricity nearly for free for 25 to 50 years out...

Now, how many housing units are there in Alaska ?

(Have you studied(the # of housing units in the 2,000 census? @ 260,460)

So why would we give away 1billion dollars for no resolve? But even worse you are depriving 333,000 dwellings of nearly free electricity for 25 to 30 years ??

THE INSANITY OF IT IS JUST STAGGERING !!!! IT CLEARLY IS A LEADERSHIP PROBLEM...

ANY LEADERSHIP REQUIRED PROBLEM WHICH REFLECTS SUCH THINKING MAKES ITS OWN CASE FOR A PEOPLE IN LEADERSHIP ROLES WHICH CANT THINK..

OR ARE AFRAID TO THINK...

OR ARE DELUSIIONAL

OR ARE SECLUDED FROM THE GENERAL COMMUNITY OR PUBLIC WHICH IS WHERE OUR SOURCE OF ALL THINKING IS WEIGHED AND TESTED...

SO BY OUR LEADERSHIP CLOSING ITSELF OFF FROM THE PUBLIC CLOSENESS THEY HAVE BROUGHT ON THESE PROBLEMS TO US ....

I'm still here, but we might need a few more decades at the rate Congress is going. Unfortunately, I don't have an heir who seems interested in public policy.

P.S.
Senator Stevens would say that he has been working on ANWR every since 1960, when, as Solicitor of the Interior Department, he helped draft the order which established the Arctic National Wildlife Range. Hopefully, the voters will give the Senator a few more years to complete the mission.

Governor,

Hello! I have attached your remarks and event info for tomorrow morning's 9:15 award ceremony at the Frontier Building. Also included is a parking map, in case you drive straight to the event, rather than riding with Bob from the Atwood Building. Our internet is down right now, but I'll send you a map to the location once it's up and running again. I'll be at the award ceremony to take pictures, and so I'll be sure to have your briefing packet and remarks on notecards ready and waiting for you. I've also included your remarks in the body of this email for ease of viewing. Please feel free to contact me with any questions or concerns you may have.

Thank you, and have a great flight!

Presidential Challenge Fitness Award Remarks
Thursday, July 24 / 9:15 a.m. / Ste. 880,Frontier Building

Thank you, Secretary Leavitt, & welcome! I am happy to accept this award on behalf of the State of AK. I want to welcome also Region 10 HHS Director James Whitfield, & extend my heartfelt thanks to Comm. Hogan & Ann Potempa with the Dpt. of Health & Social Services – thanks so much for your hard work promoting this worthy program in our great state! Dr. Butler, thank you for being here, for working to promote healthy lifestyles in AK, & for practicing what you preach! I am SO proud of AKns for stepping up in such a big way during this Nat'l fitness challenge. The Challenge kicked off on March 20, & we got off to a running start with **more than**

2,800 AKns signing up & adding at least 30 minutes of running, biking, walking & dozens of other activities to their day.

And we received strong support from inside the state system, too. The Dpt of Health & Social Services challenged our other depts to participate, resulting in hundreds of our state employees engaging in *a little healthy competition* (no pun intended)☺ – & with life-changing results.

We are privileged to live in such a beautiful state, & AK offers endless opportunities to be active, both indoors & out. Our people being our **most precious commodity,** it is important that AKns not only live LONG in the land, but that they live WELL in the land. Starting out adding just that little bit of activity to each day – just 30 min. – is so important to our overall physical, mental & emotional health & wellness. And when combined with a balanced diet, this can help lower the risk of obesity, heart disease, diabetes, cancer, & numerous other health problems.

AK's 1st-place finish shows that we are definitely moving in the right direction – in a **healthier direction** – & that's GREAT news for the future of AK! My thanks again to Sec. Leavitt for the presentation of this award; please give the President our best & thank him for promoting healthy lifestyles in America; & again, **congratulations** to all the AKns who participated in the program! Your longevity & healthy lifestyle truly is the best reward. Thank you!

-Comm. Hogan invites Sec. Leavitt to podium

address: 415 Fifth Avenue Belle Fourche SD 57717

605-892-2676

MESSAGE:

July 23, 2008

Dear Governor Palin,

On August 16, 2008, the Belle Fourche Chamber of Commerce and the City of Belle Fourche will be celebrating the one year anniversary of the new "Geographic Center of the Nation" monument for the State of South Dakota. We will do this by ceremoniously raising all 50 state flags on the site. A designated representative from each state will be invited to attend and raise their state flag.

Belle Fourche would like to extend an invitation to you and your family to help us celebrate our accomplishment in constructing this monument; a monument that exemplifies South Dakota's pride to be the "center of the nation." It is our wish for you to attend, sharing this momentous day with invited dignitaries and guests from across the United States. This dedication is also notable as producers for Good Morning America will be in Belle Fourche filming the event and later broadcasting it for millions of viewers to see.

We believe as visitors travel to South Dakota to see Mount Rushmore and Crazy Horse, they will travel north to be at the center of this great nation and to Belle Fourche; a South Dakota community that prides itself for it's wholesome growth and positive quality of life.

Please RSVP is you plan to attend and additional information will be sent to your office. A special Governor's luncheon is being planned for noon that same day to kick-off our celebration.

Sincerely,

Teresa Schanzenbach, Executive Director

Bell Fourche Chamber of Commerce

Web mail from: Mr. Richard Warrington

address: 313 Cindy Circle Kenai AK 99611

MESSAGE:

Hello Governor Palin,

I wanted to tell you that it was real nice to see you up in Barrow, AK.

Since I was up there for there attending the Alaska Brain Injury Network board meeting at the same time.

The next Board meeting is going to be the 14th and 15th of October and this meeting is going to be in the office in Anchorage and that is at the Mental Health Trust building.

So I would really like if you and any other staff could come to the meeting on one of those days, and meet all of the Alaska Brain Injury Network board members that are from all around the state of Alaska.

I was appointed to the Ambassador Program by the Brain Injury Association of America back in 1996.

But since then the Program has been cut back to State levels.

All of the State Legislators know me and like to see me, when I give them some new information about Traumatic Brain Injury.

Governor Knowles, and Governor Murkowksi liked what I have been doing in the state.

Would like to make contact with you and talk about Brain Injury in Alaska.

Alaska has the highest rate in the Nation!

And a Brain Injury happens every 21 seconds and there is more Veterans coming back from the war with a Brain Injury.

I would really like it if you would appoint me Ambassador for the State of Alaska.

And I'm not looking for a paid job, just having the title Ambassador for the state of Alaska.

That would be more impact to the different communities where the Alaska Brian Injury Network is going to be having the Ambassador for the State of Alaska be at the meetings also.

So that more people would be looking into this type of Injury.

Like I have been doing over the years getting the City of Kenai passing the Helmet law and Kenai, Soldotna and the Peninsula Borough Assembly likes to get information from me also.

will talk to you later,

Sincerely,

Richard Warrington

Dear governor palin. Yesterday and probably today were rough on you. I have no idea what your movie tastes are like. However last night I went to the glacier cinema in the mendenhall valley at 7 30 and saw mama Mia and although most of the audience was women I enjoyed it and for two hours my mind was off the legislature. If you are at all inclined to like Abba I recommend it. I always liked abba. Take care. Talis.

Someone recommended to me that we study the alaskan model of revenue distribution back to

the citizens and get bills introduced in the state legislature in california florida and elsewhere that if they do go to offshore drilling they should split the revenue stream with a specified amount (maybe half) going to the citizens as a direct benefit

How much does each alaskan get?

What share of the oil revenue goes to state government and what share would go to the citizens?

Do you have an expert who could explain all this to me?

Would you be interested in writing or talking about this?

Thanks

Newt

This was sent out to all papers tonight. There's an additional table which lays out all of the changes to the contract. Randy Ruaro has it, I believe. We will be posting this on the DOA main webpage tomorrow, so it'll be easily accessible – you won't have to find this email.

Subject: 07.24.08 Presidential Fitness Challenge Award Ceremony

Importance: High

Governor,

Hello! I have attached your remarks and event info for tomorrow morning's 9:15 award ceremony at the Frontier Building. Also included is a parking map, in case you drive straight to the event, rather than riding with Bob from the Atwood Building. Our internet is down right now, but I'll send you a map to the location once it's up and running again. I'll be at the award ceremony to take pictures, and so I'll be sure to have your briefing packet and remarks on notecards ready and waiting for you. I've also included your remarks in the body of this email for ease of viewing. Please feel free to contact me with any questions or concerns you may have.

Thank you, and have a great flight!

Kate Morgan
Communications Coordinator
Office of Governor Sarah Palin

Presidential Challenge Fitness Award Remarks
Thursday, July 24 / 9:15 a.m. / Ste. 880, Frontier Building

Thank you, Secretary Leavitt, & welcome! I am happy to accept this award on behalf of the State of AK. I want to welcome also Region 10 HHS Director James Whitfield, & extend my heartfelt thanks to Comm. Hogan & Ann Potempa with the Dpt. of Health & Social Services – thanks so much for your hard work promoting this worthy program in our great state! Dr. Butler, thank you for being here, for working to promote healthy lifestyles in AK, & for practicing what you preach! I am SO proud of AKns for stepping up in such a big way during this Nat'l fitness challenge. The Challenge kicked off on March 20, & we got off to a running start with **more than 2,800 AKns** signing up & adding at least 30 minutes of running, biking, walking & dozens of other activities to their day.

And we received strong support from inside the state system, too. The Dpt of Health & Social Services challenged our other depts to participate, resulting in hundreds of our state employees engaging in *a little healthy competition* (no pun intended)☺ – & with life-changing results.

We are privileged to live in such a beautiful state, & AK offers endless opportunities to be

active, both indoors & out. Our people being our **most precious commodity**, it is important that AKns not only live LONG in the land, but that they live WELL in the land. Starting out adding just that little bit of activity to each day – just 30 min. – is so important to our overall physical, mental & emotional health & wellness. And when combined with a balanced diet, this can help lower the risk of obesity, heart disease, diabetes, cancer, & numerous other health problems.

AK's 1st-place finish shows that we are definitely moving in the right direction – in a **healthier direction** – & that's GREAT news for the future of AK! My thanks again to Sec. Leavitt for the presentation of this award; please give the President our best & thank him for promoting healthy lifestyles in America; & again, **congratulations** to all the AKns who participated in the program! Your longevity & healthy lifestyle truly is the best reward. Thank you!

-Comm. Hogan invites Sec. Leavitt to podium

Unfortunately, it's almost precisely the same debate that has been occurring for 30 years or more. To watch it now, you'd never know that almost the same arguments have been made for all that time. I wish I could say that the current debate would lead somewhere, but I doubt it despite the increasing decibel level from real people outside of the Capitol beltway.

Subject: Commissioner Kopp

Hello Governor Palin,

I wanted to take this opportunity to write you regarding Chuck Kopp's appointment as Public Safety Commissioner. As we are all aware, there has been controversy surrounding your decision to remove the previous Commissioner and appoint Chuck to fill the vacancy.

I do not know, nor do I need to know, the details that surrounded your decision to make this change. I feel that we, as Alaskans, elected and entrusted you with the responsibility to make decision in the best interest of the State of Alaska. With that being said, I trust that you have done what you deemed to be the best for our state in this case as well.

What I would like to talk with you about is something, or rather someone I do know about... The Kopp family. Chuck, Trish and their children are precious people and I could not think of anyone with more integrity and leadership than Chuck Kopp to serve as Public Safety Commissioner. Chuck and Trish have given countless hours of their time to this community and lead by example in every aspect of their lives. They will be dearly missed on the Kenai Peninsula, but all Alaskans should feel very fortunate to have Chuck Kopp serving the State. I feel that Chuck has proven in his many years of service, as a member of the community, a son, husband, father and friend that he posses the qualifications to do this job and deserves the opportunity to do so.

In closing, I just wanted to tell you and your family that I am sorry that the Palin and Kopp family have been attacked on a separate but personal level in all of this. I don't think anyone benefits from the "tabloid" information we have been dealt this week.

I realize that you are under a tremendous amount of pressure, but I am asking that you continue to remain strong in your decision and give Chuck the opportunity to serve the State of Alaska.

Thank you for all that you do for each Alaskan everyday,

Jennifer Chumley
Sterling, Alaska
